Make It Yours

Choose your own custom livery

Mechanical

The 917K Junior is powered by a 9hp 230cc engine, capable of driving this 'half scale' replica at speeds of up to 28mph – though the speed can be restricted if desired.

Paired with rack-and-pinion steering and hydraulic disc brakes bring the car to a stop.

Interior

Finished with bare aluminium panels, the cockpit features a mini bucket seat for the driver upholstered in leather with suede inserts. A quick-release steering wheel is fitted, as well as working headlights and rear cooling fan, just like its full scale compadre.

Exterior

The bodywork is moulded fibreglass that is a faithful tribute to the iconic 917 'Kurzheck' Porsche. The car is supplied in a number of liveries at your discretion. It rides on 10-inch wheels with pneumatic tyres. The chassis is a powder-coated lightweight tubular construction.

The overall dimensions are 2.6 metres in length and 1.6 metres in width.

Personalisation

Like any true Porsche, the purchase of a 917 Junior means an abundance of personalisation options. When it comes to choosing the specification, You will be able to choose from over 60 combinations across the 917 model, with a range of additional extras and accessories that can be selected to create the junior car.

917K JUNIOR

The 917K Junior is a 72% scale, Petrol reincarnation of the legendary Porsche 917. Developed using a 3D scan of the original Le Man winner, chassis 917.023. The 917K Junior is powered by a key start, Honda 9 bhp 230 cc petrol engine. Capable of speeds of up to 28 mph. Front spring suspension and hydraulic brakes bring the car to a stop. The car features full-size car engineering, simply scaled down. Our 917K Junior will suit drivers from as young as five years old up-to fully grown adults with the child's seat removed.
